

Just for giving the new Pizza Works a try, We'll give a FREE 10" 1 Topping Pizza when you buy a Large Gourmet Pizza!

Dear Friend,

Hi, we are Janice and Bob and we just bought **Pizza Works**, a great gourmet pizza store in your neighborhood. We just started in the pizza and restaurant business and are being taught by the long time manager and staff at **Pizza Works**, how to make the best gourmet pizzas around.

For our customers, we want to assure you we are not changing the great taste you are accustomed to. We are still making pizzas with our home made sauce and the highest quality toppings that we can find. And you can still take and bake them or have us bake them for you.

We are making some changes for you. We are bringing back FREE delivery. Watch for our delivery cars in your neighborhood. We are searching for low carb pizza crusts, pasta and other ingredients for those of us on special diets. And we are bringing back the Pizza Works news letters.

For those of you who don't know the Pizza Works difference, here's what we have to offer. Imagine, the highest quality toppings and cheeses. Red and Green Pesto, Olive Oil Glaze and Creamy White Garlic sauce in addition to our famous Marinara Sauce. And gourmet toppings like artichoke hearts, shrimp, real bacon bits, sun dried tomatoes, and more.

The flavor is rich. And for those who want to indulge their family with the very best – this is it – at a price you can afford.

No more cheap tasting pizza – Now you can enjoy. . .

- **Marinara loaded with seasonings – not sugar!**
- **Dough made with vegetable oil – not lard!**
- **Choose from over 20 toppings – instead of just a few!**
- **Vegetarians and Vegans – we have Pizzas for you too!**

So while everyone dishes out that “budget” taste, our proposition is simple. Order a **Large Gourmet Pizza** and we'll include a **10" 1 Topping Pizza – FREE** when you mention this letter.

Check out our menu – then give us a call

Our phone number is **425-821-1300**
