

Pizza Works Newsletter – May 2005

Dear Friends,

Hi, It's been two months since we bought Pizza Works and our heads are still spinning. We have had a first month with lots of training, and our grand opening in April

We were happy to pick a winner for the Coca Cola Couch giveaway. Out of the many entries for the couch, Anna Brown of Kirkland was the winner.

The winners of a large Gourmet Pizza for our Grand Opening Drawing were Paul Holmstrom of Kirkland, Clare Byers of Bothell and Ricky Crabbe of Kirkland. Keith Chase was the winner of the Dine In Family Special.

When Ricky picked up his pizza certificate he said he had been a customer at one of our competitors and our pizza was much better. He would be back.

We would like to thank each and every one of you who came in or had a pizza delivered during our grand opening. We would also like to thank all of you who took us up on our offer of a free pizza on our last letter.

For those of you who didn't know, we will **deliver "Take and Bake"** or **"Baked"** pizza, as well as our other menu items if your order is at least \$12. We would like to coin the phrase **"Deliver and Bake"** and urge you to try baking one of our pizzas in your oven. Remember, when you bake the pizza, you not only get hot pizza fresh from your oven, but you save the \$1.00 baking and boxing fee.

For those of you who have asked, our crusts do not contain any animal products and we are still searching for lower carb crusts. They have proven difficult to find, but we will continue looking. We just sampled a whole wheat crust and are looking into costs and sizes to see if we could carry them here. We would like to know how many of you would buy whole wheat: if it cost the same; if it cost a little more.

We are putting ingredient lists together and hope to have them posted on our web site in the near future. Visit our web site at <http://www.pizzawrks.com> and see the adventures of our mascot, Momo and his friends. You can also see our new menu there, as well as several coupon specials.

EDNA'S CORNER

Dear Friends of Pizza Works,

I want to thank all of you for your patience and support the last two months as we have been going thru this transition. I think the new owners (Bob & Janice) are doing well with trying to learn everything. I know at times it must be overwhelming for them. I also know they are committed to the same great product and service as you have always had. So THANKS AGAIN for your support.

Now a quick update on Sherri (many of you have asked) surgery went well on her ankle. She is home, going nuts because she can't walk on it yet. She will be doing therapy for awhile, then her and Doug plan on doing some traveling. She told me to tell you all HI and she misses you but she is looking forward to enjoying her retirement.

Bob wants me to write this corner every month and give you helpful hints or whatever- so if anybody's got any helpful hints and would like to share please let me know. It has come to my attention that some of you are having problems cooking our pizzas. Make sure your oven rack is in the middle of your oven!!! I find with my oven at home the crust is done before the rest of my pizza, so what I do is turn the broiler on for 2-3 minutes and it cooks the top nicely. Try it! You might be surprised. Just don't walk away from it when the broiler is on.

That's all for this month. Keep reading every month to find out some of the things we are going to be doing.

For The Kids - MOTHER'S DAY / MAY SPECIAL

This is an offer for the kids (under 18). Call and order a **Take and Bake** Pizza to cook for mom or that special person in your life and we will take \$3.00 off the price of a small pizza or \$5.00 off the price of a large Pizza. [Please have dad, mom or some other responsible adult help you getting it in and out of the oven and slicing it, but the order must be from a kid.] Pick it up or have it delivered on Mother's Day for an extra \$1.00 off.
